To whom it may concern:

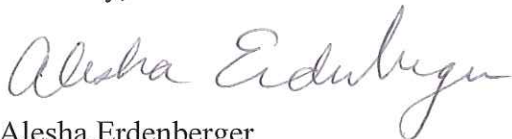

Tammy Hanson worked as an independent contractor to develop our website (www.chscwi.org) under my direction at Community Health Services Corporation. During that period, I had the great pleasure of seeing her professionally grow within photography and web design.

Tammy is a hard-working self-starter who understands what a project is all about from the outset, and how to get the job done quickly and effectively. Mrs. Hanson is a resourceful, creative, and solution-oriented person who was frequently able to come up with new and innovative approaches to her assigned project.

On the interpersonal side, Tammy has superior written and verbal communication skills. She gets along extremely well with staff, as well as colleagues at her own level. She is highly respected, as both a person and a professional, by colleagues and customers alike.

In closing, as detailed above, based on my experience working with her, I can unreservedly recommend Tammy Hanson to you for any photography or web design projects. If you would like further elaboration, feel free to call me at (608) 326-8472 or directly at (608) 326-3200.

Sincerely,

Alesha Erdenberger
